DANTES

INSTRUCTIONS

The DANTES program is a testing service established by the Educational Testing Service. The program helps students obtain college credit for knowledge and skills acquired through nontraditional educational experiences and work experience.

The program offers approximately 50 subject standardized tests in a wide range of introductory college-level academic, vocational/technical, and business subjects.

The procedure is quite simple: You register, take the examination and have your scores sent to the college of your choice. If your scores meet the requirements of your school, your home institution grants credit. We encourage you to check with your institution to verify that their college will accept credits earned through the DANTES program.
