CLUB PROFILE

The Innovator Group was founded in 2012 by a collection of University of Hartford students.

Currently in its probationary period with the Uhart Student Government Association, we seek to fulfill club requirements and become a fully recognized club on campus.

At this time the club maintains a minimum membership with dedicated members. We are in pursuit of building a club where entrepreneurial minds can flourish.

Currently the entrepreneurial experience that comes with Innovator Group is unique in that it is real experience in bringing the club into a functioning part of campus.

Positions need to be filled. Membership must be expanded. And the probationary period is to be completed. Much is expected out of this year with Innovator Group. This club is for University of Hartford students interested in entrepreneurship. If this is you, then this club is yours for the making.

THE IG MISSION AND VISION

Our Mission

Within the University of Hartford, the Innovator Group shall draw together all students of the University community interested in entrepreneurship, encourage the student member to innovative and dream big, connect student members with academics, practitioners, technologists, students and alumni to raise the number of quality endeavors, and cultivate entrepreneurs into leaders and decision makers who are globally aware and socially responsible.

The Vision

Our vision is for every student who has ever dreamed about starting his or her own business; the Innovator Group could be the gateway to financial freedom and independence.

BENEFIT TO FRESHMAN & SOPHOMORES

Innovator Group is for the Class of 2017 to determine the future of. Our Juniors and Seniors are here to see its creation through and to leave something behind.
