Dean Mueller Meets U.S. Secretary of Education Duncan

ENHP Dean Ralph O. Mueller had an opportunity to meet and share ideas with U.S. Secretary of Education Arne Duncan during Duncan’s visit to the University High School of Science and Engineering (UHSSE), a Hartford magnet school located on the University’s campus. They spoke of the need for creating stronger partnerships between K-12 and higher education, especially in regard to increasing college readiness.

UHSSE — an early college model school — served as the impetus for the University’s district-wide affiliation with the Hartford Public Schools.

The Secretary of Education took part in a round table discussion with students from UHSSE entitled “College Access, Readiness, and Affordability.” Full story.
