By gifts I/we have made or will make to reach or exceed the currently prescribed minimum threshold of $10,000 for an endowed fund at the University of Hartford, I/we wish to establish an endowed fund as part of the permanent funds of the University of Hartford to be known as the ***{Insert your name here?}*** **Endowed Fund**.

The **Purpose** of this fund is . . . *{to be agreed upon in discussion between the Donors and the UofH.}*

This gift shall be invested, sold and reinvested, alone or in combination with other funds of the University of Hartford, but shall be separately identified by the name above**.** The principal shall be preserved intact, and the income may be used at the discretion of the Regents to accomplish the foregoing purpose. For purposes of this gift, the term "income" refers to the funds allocated under the University's Pooled Endowment spending policy.

This instrument may be amended by a written instrument duly executed by the University of Hartford, provided that no such amendment shall be effective without the consent of the donors while the donors are living and competent to act; and that no such amendment shall have any effect, except to the extent that it clarifies the meaning or reference of any ambiguous expression used in this instrument, adds specificity or otherwise improves this instrument without materially altering its substantive provisions.

In the unlikely event that, at some future time, the purpose designated for the spendable income from this fund no longer exists, the University of Hartford Board of Regents shall direct that the income from this fund be devoted to purposes that are deemed to be the most consistent with the wishes of the Donors and, if possible, in consultation with the Donors or their heirs.
