As a Hillyer College student, you will begin your college education as a liberal studies major. You may also select a concentration. Concentrations provide thematic study in four or five interrelated courses that enable the student to delve deeper into a subject area. Concentrations can also be early preparation for a specific academic area. Concentration courses are available each semester. The description of each concentration is available on the Hillyer College website.

Concentrations and Coordinators

American Studies - Professor William Major
Business Studies - Professor Linda Moran
Education Studies - Professor George Blett
Environmental Studies - Professor Renwick Griswold
Global Studies - Professors Robert Churchill & F. Scott Scribner
Health Science Studies - Professor Stephan Bullard

Complete this form and submit to Hillyer College Evaluator (H117).
