UNIVERSITY OF HARTFORD HEALTHCARE IN ICELAND

THIS IS THE ITINERARY FOR THE TRAVEL COMPONENT OF THE SHORT TERM FACULTY LED STUDY ABROAD IN CONJUNCTION WITH NURSING COURSES

DAILY ITINERARY:

Travel dates for this short term faculty led study abroad program are June 4-12, 2016. We return extremely late on Sunday June 12th and we recommend that you take Monday June 13th off from work.

DAY 1 June 4 – HARTFORD–BOSTON–REYKJAVIK: Student travelers are picked up from University of Hartford by coach bus in the early afternoon and transported to Logan International Airport. Depart from Boston for overnight flight to Iceland. Full meal and beverage service during plane ride, as well as stereo headsets.

DAY 2 – June 5 - REYKJAVIK CITY: Arrive Reykjavik Meet and greet at the airport – breakfast in a nearby restaurant. Travel by motor coach to Reykjavik, welcome orientation before arriving at Hotel Plaza for check in. Rest or sightsee on own prior to dinner. Enjoy dinner with our group in a nearby hotel. Overnight at our hotel. (Breakfast, Dinner).

Day 3 – June 6 - REYKJAVIK CITY After breakfast, depart by motor coach for a series of visits to health care facilities and clinics pre-arranged by Icelandic public health nurse and guide, Erla Kristofersdottir, and UHA nursing faculty. The evening may include optional activities organized by UHA nursing faculty. Whale watching trip on own is possible. Dinner on your own. Overnight at our hotel. (Breakfast)

Day 4 – June 7 - SNAEFELLSNES PENINSULA After breakfast, we leave with Erla Kristofersdottir, via motor coach for Snaefellsnes peninsula. This is a unique area with its own culture and philosophy of health and wellness. During our day we will be interacting with Icelandic people to better understand their culture and health care patterns. On the way, we will see a variety of geological interests such as lava fields, volcanoes, glaciers, beautiful rock formations, yellow/black sand beaches and caves, in addition to a very interesting bird life. A main attraction is the Snaefellsjökull glacier, a beautifully shaped cone volcano at the very end of the peninsula. The glacier and the unspoiled natural wonders surrounding it, are the scenes depicted in Jules Verne’s novel “Journey to the Centre of the Earth” and one of seven most energetic sites on Earth, according to some new-age sources. Búðir is a very impressive area, where you can have a lovely walk in a unique landscape with a mixture of sandy hills, black lava and yellow beach, and at the same time you feel the closeness and the impression of the glacier. Arnarstapi offers a great opportunity for a walk along the sea cliffs, with strange holes in the ground reaching to the sea in spectacular columnar rock formations where seabirds nest. On to Djúpalónssandur pebble beach, the tour continues around the peninsula towards Reykjavik. Duration: 10-11 hours. Dinner on our own. Overnight at our hotel in Reykjavik. (Breakfast)

Day 5 – June 8 - REYKJAVIK CITY After breakfast, we will depart with motor coach to visit various Icelandic health care facilities and clinics pre-arranged by Erla Kristofersdottir and UHA nursing faculty. A special dinner is planned with our Icelandic hosts. Overnight at our hotel. (Breakfast, Dinner)

Day 6 - June 9 - GOLDEN CIRCLE After breakfast, we will check out of our hotel and depart for the Golden Circle. The Golden Circle is extremely popular for several good reasons. It is a tour of the South West of Iceland and includes three of the best known attractions Iceland has to offer: Gullfoss (The
Golden Waterfall), one of the most impressive waterfalls in Europe, with thousands of tons of icy water thundering majestically into a deep canyon; The Geysir Area, with numerous hot springs, fumeroles and geysers, including the 30 meter spouting world known Strokkur; Þingvellir, a remarkable geological site and a historic site as well. Þingvellir is the site of the world’s oldest democratic parliament founded in 930 A.D., with a beautiful canyon running through the park dividing two of the earth’s tectonic plates. A greenhouse and stable visit at Fríðheimar are included. Dinner is with our group. We will overnight in a hotel in the Hella/Hvolsvöllur area. (Breakfast, Dinner)

Day 7 – June 10 - SOUTH SHORE - REYKJANES After breakfast, we will check out of our hotel and drive from the Hella/Hvolsvöllur area through the fertile farmlands of South-Iceland heading towards the majestic mountains towering over the coast, among them the snow shrouded Hekla and the ice capped volcano Eyjafjallajökull, last active in 2010. Continuing we drive through the region where one of the best known of the Icelandic classical sagas, Njál’s Saga, is set. The South Shore is one of the most popular regions of Iceland for a number of reasons: The waterfalls Seljaldsfsoss and Skógarfoss tumbling over high rock escarpments; the stone arch Dyrhólaey with its sheer cliffs; the picturesque setting of a Viking village; a row of glaciers towering over the scenery, and the Reynisdrangar rock pillars (some say they are petrified trolls) decorating the black beach of Reykhverfi. Late in the day, we head back towards Reykjavik, and drive via Eyrarbakki fishing village toward Reykjanes Peninsula. If time permits, we will drive to Krysuvik and Kleifarvatn, through a beautiful moss and lava area, passing through Grindvik fishing village, then on to the Blue Lagoon area. Dinner is included. Overnight in Northern Lights Inn. (Breakfast, Dinner)

Day 8 – June 11 - BLUE LAGOON – REYKJAVÍK After breakfast, we will head to the unique Blue Lagoon. It is a distinct experience; a lagoon with pleasantly warm mineral-rich geothermal water in a middle of a black lava field. The high natural levels of silica and minerals give the Lagoon its rich blue color. The facilities include modern changing rooms and showers, an indoor geothermal pool, restaurants and other services. A visit to the Blue Lagoon is invigorating whether one bathes there surrounded by snow in the middle of the winter or during the long summer daylight. After a relaxing bath at the Blue Lagoon we continue back to Reykjavik with a drive through Hafnarfjördur and the area of Bessastadir, where the President of Iceland resides. The remainder of the day will be at your leisure. In the evening, enjoy a special farewell dinner at a local restaurant in Reykjavik. Overnight at our hotel. (Breakfast, Dinner)

Day 9 – June 12 - REYKJAVIK-BOSTON-HARTFORD. Following breakfast and hotel check-out we will store the luggage at the hotel. Then it is off for whale watching (optional) or time at your leisure to shop or visit a museum. (Breakfast)

**Whale Watching (optional - $60 pp./pay at site):** Experience an enjoyable adventure into the world of whales and seabirds in their natural habitat. This is your chance to see the magnificent creatures that inhabit the seas around Reykjavik, as your expert guide gives you an insight into the life in the ocean. The bay is full of surprises and the most commonly sighted whales include white-beaked dolphins, harbor porpoises, minke and humpback whales. The trip passes several islands inhabited by colonies of puffins – an excellent photo opportunity. Duration: 4 hours – 2.5-3 hours on the boat.

After whale watching, the group purchases their own lunches, followed by the motor coach picking you up and taking you to the hotel to gather your luggage. Transfer to the airport. Check in for your flight to Boston. Transfers from Logan International Airport and Hartford University. End of Program. Arrival back at the University of Hartford will be late in the evening. Please plan to take Monday June 13 off from work. (Breakfast)

2 University of Hartford Nursing in Iceland June 4-12, 2016
Based on Twin Occupancy - Rates are Per Person:
*Rates include $377 in air taxes, fees and fuel surcharges (this portion subject to change). Rates are subject to 2016 air fare confirmation.
