Global Travel Assistance Policy (UHCG)

UNIVERSITY OF HARTFORD
INTERNATIONAL CENTER
United Healthcare Global (UHCG) Travel Assistance Policy

Effective July 1, 2007, the University of Hartford has contracted with a company called United Healthcare Global Group, Inc. to provide worldwide assistance and evacuation services for all study abroad participants.

University of Hartford faculty or staff participating in international university travel must also purchase this plan by contacting the Director of the International Center at 860-768-5101. Please provide a full name, university ID number, dates and location of travel, passport copy, travel itinerary, phone number abroad, and emergency contact information. The United Healthcare Global Travel Assistance Policy for faculty and staff provides medical, security, and travel-related assistance services.

Important instructions for using these services are discussed in the UHCG Secure brochure. We ask that students and parents keep a copy of the brochure and make sure that it is accessible at all times during the program. The wallet card, which contains the University of Hartford’s group identification number and the Emergency Response Center phone numbers on the back, should be carried by students at all times abroad. Students are automatically enrolled with UHCG, and there is no need to activate the card.

The services provided by UHCG range from telephone advice and referrals to full-scale evacuation by private air ambulance. The UHCG network of multilingual specialists operates 24 hours a day, 365 days a year from UHCG Emergency Response Centers around the world. Your UHCG membership, provided by the University of Hartford, protects you against a variety of difficulties that could arise while you are abroad. The coverage is designed to supplement the policies, procedures and support staff, which the University of Hartford already has in place.

It is important to understand that, although UHCG will offer students travel, medical and security advice and services, as well as on-line access to information which many insurance companies do not offer, UHCG is NOT health insurance. The University of Hartford continues to require all students, faculty, and staff traveling abroad to maintain health insurance coverage that meets the standards set forth by the University of Hartford’s Student Health Service, and to make certain that their policies cover them while abroad.

Whenever you are traveling or living abroad, you can access up-to-date reports on more than 170 countries worldwide on health issues, medical care and vaccination requirements via the UHCG website—your home page for travel, health and safety information (located at [https://members.uhcglobal.com](https://members.uhcglobal.com)). The UHCG website also contains on-line security tools including global monitoring, country specific information and travel tips. We strongly encourage all students to visit the website to gain information about the country and regions where they are traveling. Please read below for instructions for log-on information.

MEDICAL EVACUATION & REPATRIATION SERVICES

If a Participant sustains an Illness or Injury, UHCG, upon the Participant’s request, will (a) provide the services specified below and (b) pay for the eligible costs and expenses incurred in connection with provision such services to a Participant. UHCG will only pay for such costs and expenses to the extent UHCG has pre-approved and arranged the services. In all cases, the Participant is responsible for any costs associated with medical care and/or treatment.

Emergency Medical Evacuation: If a Participant sustains an Illness or Injury and experiences an Emergency Medical Event, UHCG will arrange for a medically supervised evacuation to the nearest medical facility it determines to be capable of providing appropriate medical treatment.

Dispatch of Doctors/Specialists: If a Participant experiences an Emergency Medical Event and UHCG determines that a Participant cannot be adequately assessed by telephone for possible evacuation from the initial medical facility or that the Participant cannot be moved and local treatment is unavailable, UHCG will arrange to send an appropriate medical practitioner to the Participant’s location when it deems it appropriate for medical management of a case.

Medical Repatriation: Following stabilization of a Participant’s medical condition and discharge from the hospital, UHCG will coordinate the transportation of the Participant to his/her Home Country or Host Country if it determines that the Participant should return to the Home Country or Host Country for continuing medical care. Medical escorts and mobile medical equipment will be arranged if UHCG determines either is necessary during the transportation. UHCG will also arrange for a change to a Participant’s existing return travel arrangements if the change is required as a direct result of the Participant’s medical condition or treatment.

Transportation after Stabilization: If Medical Repatriation is not required following stabilization of the Participant’s condition and discharge from the hospital, UHCG will coordinate transportation to the Participant’s point of origin, Home Country, or Host Country.

Transportation to Join a Hospitalized Participant: If a Participant who is travelling alone is or will be hospitalized due to an Illness or Injury, UHCG will coordinate round-trip airfare for a person of the Participant’s choice to join the Participant. UHCG will also assist with the arrangement of such person’s hotel stay during the Participant’s hospitalization.

Return of Minor Children: If a Participant’s minor child(ren) age 18 or under are present but left unattended as a result of the Participant’s Illness or Injury, UHCG will coordinate airfare to send them back to the Participant’s Home Country.
