Dear Fellow Alumni,

Change is one thing that’s constant. Change brings opportunity and a renewed commitment to the future. The coming school year will be an exciting time for the University as we welcome our new president with much enthusiasm, support, and optimism. The past year was one of celebration as we paid tribute to President Walter Harrison for his leadership and accomplishments, which span nearly two decades. I hope you were able to attend the alumni farewell celebrations held throughout the year and across the country. There is a lot to be grateful for, and having your support and participation during this time of change will be important as we build our future together.

In December and May, I had the privilege of speaking at the Fall and Spring Commencement Ceremonies and welcoming more than 1,400 new alumni into the Alumni Association. I shared with them that I want them to think of the Alumni Association as a family that they’ll always have. And, like family, we want to see and hear from them (and you) often! Connect with us on social media and email, by phone, and by visiting campus. Start planning to come to Hawktober Weekend now. It’s such an enjoyable experience, just like a warm welcome home. It is never too late to reconnect with your alma mater.

We hope to hear from you and see you soon! The 2017–18 academic year will be a historic one for us all. Let’s celebrate together!

OUTSTANDING ALUMNI
Highlighted At 2017 Commencement Ceremonies

Two distinguished members of Congress, who are also University alumni, were the Commencement speakers in May 2017.

U.S. Rep. Richard Neal (D-Massachusetts) addressed the more than 400 graduates who received master’s and doctoral degrees and certificates at the Graduate Commencement Ceremony on May 20. Neal, who earned a Master of Public Administration from the University’s Barney School of Business in 1976, told graduates that listening is the first step to ensuring that free speech is protected and guaranteed. “So much can be gained from listening—it generates thoughtful discussion, shows you care, expands your horizon, and often leads to new ideas and compromise.”

Before his remarks, Neal was awarded an Honorary Doctor of Laws. He has served in Congress for 22 consecutive years representing western and central Massachusetts, including Springfield where he was born.

U.S. Rep. Mia Love (R-Utah) addressed nearly 1,000 graduates at the Undergraduate Commencement Ceremony on May 21. To the graduates she said, “You are the rising generation. You are the leaders, not just for tomorrow, but for today. Today I challenge you to raise your sight, not just your status, as you enter the workforce and a world desperately in need of your energy, talent, gifts, and commitment.”

Before her remarks, Love was awarded an Honorary Doctor of Laws. She earned a music theatre degree from The Hartt School in 1997, and has represented Utah’s 4th District since 2014. Love is the first Haitian American and the first black female Republican elected to Congress.

Robert H. Forrester ’66, an internationally recognized leader in the philanthropic and non-governmental sectors, received an Honorary Doctor of Humane Letters during Sunday’s ceremony. He is president and chief executive officer of Newman’s Own Foundation, executive chairman of Newman’s Own, Inc., and manager of the company that owns all the intellectual property rights associated with Newman’s Own and Paul Newman personally.

Forrester holds a bachelor’s degree in psychology from the College of Arts and Sciences. He is currently a University life regent.

David Macbride ’73, professor of composition and music theory in The Hartt School, was presented with the Humphrey R. Tonkin Award for Scholarly and/or Artistic Creativity during the May 20 ceremony. An alumnus of The Hartt School, Macbride is universally recognized as one of the world’s most important composers of percussion music. The Humphrey R. Tonkin Award for Scholarly and/or Artist Creativity recognizes his works that challenge musicians technically, musically, and emotionally.

As has become tradition, graduates from 50 years ago were invited back for a reunion on Commencement Weekend. This year members of the Class of 1967 were inducted as “Golden Hawks” by Alumni Association President Carolyn Bligh and University President Walter Harrison. They processed with the Class of 2017 on May 21 and were seated in the front row at the ceremony.
