**New students to the University must fill out a different form. Please refer to the Residential Life website or contact Suzanne McNeil at 860.768.4260.**

The Office of Residential Life at the University of Hartford is committed to providing housing for all students who meet the housing criteria as outlined in *The Source* and the housing contract. Specifically, the Office of Residential Life in conjunction with the Dean of Students Office determines how to meet the needs of students with medical, psychological, physical and learning/ADD disabilities. In order to be considered for special housing placement, the following process must be followed:

1. A student will complete this form and return it with documentation from the student’s treating clinician to the Dean of Students Office, located in GSU 307 (see end of form for mailing options). The documentation will be required from a diagnosing professional who specializes in the area of the condition or disability and is not related to the student. It should include the following:

   1. A diagnostic statement including the date of the most recent evaluation;
   2. The diagnostic criteria or tests used;
   3. The current impact of, or limitations imposed by the diagnosis;
   4. Treatments, medications, devices or services currently prescribed or used to minimize the impact of the challenge;
   5. The expected duration, stability or progression of the diagnosis;
   6. Credentials of the diagnosing professional including contact information.

While the Dean of Students Office and other involved departments understand the nature of medical confidentiality and privacy laws, they may at times have the need to share this information with other parties who need to know in order to be accommodate the student. This is done in the best interest of the student and exclusively for the well-being of the student.

2. Student must **print and sign page two of this document** to confirm they have read and understand the policies and procedures of a special housing request. Page two must be returned along with page 3 and 4 to be considered for a special housing request. Student must also provide the documentation asked for above (#1) from their diagnosing professional.

3. The Assistant Vice President for Student Affairs will review the documentation and typically notify the student within 48 hours if any additional information/documentation is needed (including whether or not a meeting is necessary prior to the housing placement).

4. The Assistant Vice President for Student Affairs will review the request with the Assistant Director of Residential Life for Assignments and Billing will assign students according to those recommendations.

Students will be notified by email (at their hartford.edu address) once a placement has been made.
Please note:

A. This policy does not supersede Office of Residential Life policies nor guarantee a student housing.

B. Spaces are limited during the summer for room changes. If you have a roommate request you may email Suzanne McNeil (smcneil@hartford.edu); understanding that it is unlikely that the request will be accommodated.

C. Students must have completed a Housing Application to be eligible for a special housing assignment. The application is available on the students self service portal.

D. Requests for special housing placement must be submitted each academic year.

E. The Office of Residential Life will make placements according to documented needs. Areas of placement may include: E/F Complex, Regents Park, Park River, or the Village Apartments.

F. This process does not supersede sanctions imposed by the Student Conduct Office.

Questions can be addressed to Suzanne Anderson McNeil, Assistant Vice President for Student Affairs at smcneil@hartford.edu or at 860-768-4260.
