Search for classes through the Self-Service Center

Start at the University's main web page
In the upper right corner, click on "Self Service"

Click on "View and Search Class Schedule."

Select a term in which to look for classes
*I recommend searching only by "Subj Code," entering the 1 to 3 letter subject code (i.e. M, PHY, PSY, etc.)

Click "Get Classes"

You can also search for classes by college (A&S, ENHP, etc.) or by subject (English, History, Philosophy, etc.)
You can also search for only open classes
Or by day and time

During the fall and spring semesters, distance learning courses may be taken only or by permission of the dean of University Studies.
