

Welcome to Travelers

Travelers is committed to providing our customers the tools needed to easily obtain prescription medications for your Injured Employees.

Travelers Pharmacy Benefit Management partner Healthsystems™ offers a preferred pharmaceutical network for our customers. Healthsystems™ is the retail pharmacy component and Walgreens Home Delivery is the mail order home delivery component. Your Injured Employees will be able to get their work-related medications filled at a local pharmacy with no out-of-pocket expenses and at a discounted rate to you, the employer.

As we strive to increase utilization, Travelers and Healthsystems™ have implemented a national "First Fill" program. Our First Fill program yields the following benefits:

- reduces the instances where Injured Employees have to pay out-of-pocket
- increases the utilization of initial prescriptions through the Healthsystems™ network
- reduces overall pharmacy cost for the employer
- minimizes the use of paper bills

Your Injured Employee can receive medications within hours after his/her injury occurs. This rapid approval process will advance a 10 day supply of medications.

Travelers has a form in English and Spanish that employers like you can provide to your employees when they sustain a work-related injury. The Injured Employee simply hands the pharmacy prescription form to the pharmacist to process the prescription. The form can be used at locations where medical care is coordinated by an on-site nurse or Human Resources manager.

If you have any questions related to the pharmacy program or process, please contact your Travelers claim representative.

Thank you.
