

If you test POSITIVE

Regardless of Vax Status

Vax + Booster	Vax Only	UnVax
------------------	-------------	-------

Stay home for 5 days - the day you test positive is day 0, and then five days from there.

If you have no symptoms on Day 5 or symptoms are resolving and fever free for 24 hours, then move to masking policy for next 5 days with a negative test.

MUST MASK AT ALL TIMES WHEN AROUND OTHERS (BOTH INDOORS AND OUTDOORS) with a well-fitted surgical or KN95/N95 mask.

*If you test positive still, have a fever, and/or other symptoms after Day 5, continue to isolate for the full 10 days.

If you are exposed to a POSITIVE case

Fully Boosted	Completed Moderna within 5 months	Completed Pfizer within 5 months	Completed J&J within 2 months	Completed Moderna 5+ months ago with no Booster	Completed Pfizer 5+ months ago with no booster	Completed J&J 2+ months ago with no Booster	UNVACCINATED
---------------	-----------------------------------	----------------------------------	-------------------------------	---	--	---	--------------

Wear a mask (surgical, KN95, N95) for 10 days around others (both indoors and outdoors).

Test on Day 5. The day you come in contact is day 0, and five days after that. If you develop symptoms at any point, get a test.

Go home for 5 days or QT in place (no class, grab and go food, no activities). Mask both indoors and outdoors with a well-fitted surgical or KN95/N95 mask.

Test on Day 5. The day you come in contact is day 0, and five days after that. If Negative, can leave quarantine and mask for 5 additional days both inside and outside with a well-fitted surgical or KN95/N95 mask.

If positive, continue to isolate for full 10 days and follow testing and isolation instructions.

If you develop symptoms, get a test and stay at home!
