

*Better Together: Fostering a Culture of Empathy and Respect*

## Communicating with Empathy

Join us for "Communicating with Empathy" on Thursday, September 29, 12:45-2:00pm. This interactive in-person workshop led by Dr. Lynne Kelly, Professor of Communication in the College of Arts and Sciences, will focus on the "how to" of communicating with empathy. We will consider cognitive, affective, and behavioral elements of empathic communication, including verbal and nonverbal messages, levels of communication, adapting communication to the situation, and skills of active listening, asking questions, and communicating clearly. There will be discussion, group work, and self-reflection activities.
