

Creating Visibility and Belonging for the Black Community: A Discussion

Join us as we hear from a panel of UHart staff and faculty, on how they create visibility and belonging on campus. They will share unique perspectives on what visibility means, and how and why it can affect a sense of belonging. This program is part of a year-long series of conversations about "Creating Visibility and Belonging" in our campus community, as we strive to foster a more inclusive UHart, where people of all identities may experience a sense of belonging.
