

**UNIVERSITY OF HARTFORD**

**UNDERGRADUATE STUDENTS**

# *Distinguish Yourself*

**USP 400**

**UNIVERSITY SCHOLARS PROGRAM**

**ENROLL NOW FOR AN EXCEPTIONAL EXPERIENCE** working simultaneously with faculty with highly diverse teaching and research interests. The program is available to students who have an idea for a research project that crosses boundaries - such as a work that incorporates text but also artistic visual and/or audio output, or a study that crosses different disciplines resulting in technical prototypes and/or multimedia electronic presentations.

The University Scholars Program students' projects are showcased each year at the Undergraduate Research & Creativity Colloquium.

**PROGRAM WEBPAGE**
