“Touring Tourism,” 2022

Student Photography Exhibition

“Touring Tourism” is a color film photography exhibition that explores the artist’s dual role as a tourist and as a study abroad student. She utilizes her background as a German American and as a Sociology Major to guide her perspective.

Bainbridge explores the subject by capturing this body of work through analog processes during her Summer 2022 study abroad experience in Barcelona, Spain; Rome, Italy; and Prague, Czechia.

Special thanks to the *Herb Aschermann & Sal Lopes Fund*, the *Walter Harrison Emeriti Association Scholarship*, and the *Women’s Advancement Initiative LEAD Stipend* for making this exhibition possible.
